

	RESEARCHER	DEPARTMENT	PROJECT	GRANT (Kshs)
1.	Prof. H. Nyambaka	Chemistry	Nutrition-Sensitive Intervention with African Leafy Vegetables to Improve Nutrition among School Children in Kenya	1,499,970
2.	Prof. J. Ngeranwa	Biochemistry and Biotechnology	Eco-Friendly Dry-Land Agriculture and Water Technology for Improved Food Security and Health in Kitui County.	1,500,000
3.	Dr. M. Gicheru	Zoological Sciences	Impact of Extreme Flooding of Lake Baringo due to Change on Health, Fisheries and Livelihoods among Communities living around the Lake.	1,500,000
4.	Dr. J. Kiplagat	Energy Engineering	Development of a Solar Assisted Heat Pump Drying System for Drying Safe and Quality Assured African Indigenous Fruits and Vegetables.	1,451,062
5.	Dr. J. O. Gweyi	Agricultural Science and Technology	Participatory Identification, Enhancement and Retention of Phytochemical and Nutrients in African Leafy Vegetables in Nairobi County and Three Counties in Central Kenya	1,500,000
6.	Prof. J. Murungi	Chemistry	Soil Improvement Using Leaves and Leaves Extract for the Growth of Crops.	1,500,000

7.	Dr. E. Nyamasyo	English and Linguistics	The Role of Language and Culture in Screening, Prevention and Management of Cancer in Kenya	1,500,000
8.	Prof. C. Mireri	Environmental Planning and Management	Assessing the Productivity and Safety of Urban Agriculture in Nairobi City Council, Kenya	1,652,812
9.	Prof. A. Hassanali	Chemistry	Diurnal Profiles of Volatile Blends Emitted by Potted Conyzanewii Plant and Repellence against Anopheles gambiae.	225,000
10.	Dr. M. N. Mwihaki	Chemistry	Structure – Repellence Studies of δ -Octalactone Analogues and Blends Against <u>Glossina Pallidipes</u> .	225,000
